2nd ICGEB Workshop on Human Papillomavirus: From Basic Biology to Cancer Prevention
Hong Kong, CHINA
8-10 November 2016
Scope
The workshop aims at providing a platform for sharing knowledge and research advances on human papillomavirus in relation to cancer development, detection, epidemiology & prevention. It will cover a wide range of topics including viral replication & life cycle, functions of oncoproteins, genome & RNA modification & regulation, HPV testing methodology & application, pathogenesis, epidemiology, cancer screening and public health issues. Areas related to cervical, anogenital, oropharyngeal and other cancers possibly associated with HPV are within the scope of this workshop.

Participants
- Researchers in the field of tumor virology, especially those focusing on HPV.
- Healthcare providers & administrators who may come across clinical problems related to HPV-associated cancers, especially cervical, anogenital and head & neck cancers.
- Healthcare professionals who may be involved in provision, interpretation or organizing cervical cancer screening programmes.
- Any scientists or clinicians who are interested in updating their knowledge on HPV and HPV-associated cancers.

Workshop Venue
Kai Chong Tong, G/F, School of Public Health Building, Prince of Wales Hospital, Shatin, Hong Kong

Important dates
- Early Registration: 1 March – 15 September 2016
- Standard Registration: 16 September – 15 October 2016
- Abstract submission: 1 March – 30 June 2016

Organizer:
Department of Microbiology, The Chinese University of Hong Kong

Co-organizer:
International Centre for Genetic Engineering and Biotechnology, Italy

Supporting organizations:
- United College, The Chinese University of Hong Kong
  (This workshop is part of the United College 60th anniversary activities)
- Stanley Ho Centre for Emerging Infectious Diseases, The Chinese University of Hong Kong
- HPV Research & Education Consortium @ CU Medicine

Enquiry: ceid@med.cuhk.edu.hk
Speakers:
United States:
Garcea, Robert – University of Colorado Boulder
Zheng, Thomas ZM – Center for Cancer Research, National Cancer Institute
Liu, Xuefeng – Georgetown University Medical Center

Europe:
Banks, Lawrence – International Centre for Genetic Engineering and Biotechnology, Italy
Doorbar, John – Dept. of Pathology, University of Cambridge, UK

Asia:
Konno, Ryo – Dept. of Obstetrics and Gynaecology, Jichi Medical University, Japan
Woo, YL – Dept. of Obstetrics and Gynaecology, University of Malaya, Malaysia
Chu, TY – Dept. of Obstetrics and Gynecology, Tri-Service General Hospital, Taiwan
Zhang, Jun – School of Public Health, Xiamen University, China
Zhao, Qinjian – School of Public Health, Xiamen University, China
Cheung, Annie NY – Dept. of Pathology, The University of Hong Kong, Hong Kong
Tsao, George SW – School of Biomedical Sciences, The University of Hong Kong, Hong Kong
Lam, Eddy WH – Dept. of Otorhinolaryngology, Head and Neck Surgery, Yan Chai Hospital, Hong Kong
Luk, Nai Ming – Hong Kong Dermatology Foundation, Hong Kong
Chan, Paul KS – Dept. of Microbiology, The Chinese University of Hong Kong, Hong Kong
Chen, Zigui – Dept. of Microbiology, The Chinese University of Hong Kong, Hong Kong
Wong, Eliza LY – School of Public Health & Primary Care, The Chinese University of Hong Kong, Hong Kong

Preliminary Scientific Program
(Updated on 1 Jan 2016)

Additional oral presentation for selected abstracts will be arranged
