

# 45TH ANNUAL SINGAPORE MALAYSIA CONGRESS OF MEDICINE 2011

integration • innovation • holistic care

## 2ND ANNOUNCEMENT

21-23 JULY 2011

SUNTEC SINGAPORE

[www.smcm-ams.com](http://www.smcm-ams.com)

Dear Friends & Colleagues

We warmly invite you to come and actively participate in the forthcoming **45th Singapore Malaysia Congress of Medicine** to be held on **21-23 July 2011**. We anticipate this 45th SMCM to be a refreshing and relevant meeting as we are inviting speakers who are experts in promoting best practices of doctors; in handling ethical challenges; in medical entrepreneurship and the business of medicine; in team-based private-public integrated medical care; in disease management updates; and many more.

The theme **"Integration, Innovation and Holistic Care"** is a testimony of the changing healthcare environment we are engaged in today, as we strive to provide cost-effective, timely and appropriate care to our patients. Some of us are involved in the training of our younger generation of medical students and residents, and try to be good teachers and mentors to them. Others are engaged in the discovery of new drugs, devices or techniques that will bring better outcomes to our patients. Everyone has something to share.

We anticipate a dynamic exchange of knowledge, experience and practical tips on how we cope with the daily challenges in clinical practice and medical education. Parallel to this enthusiasm, we desire to establish long lasting collaborative efforts in basic and translational research amongst the three academies of medicine (Singapore, Malaysia and Hong Kong) and beyond.

We look forward to your participation at 45th SMCM 2011.

Yours sincerely

Dr Chan Yew Weng
