News and Announcement

Annual General Meeting (18 December 2015)

Council has decided to hold this year's Annual General Meeting (AGM) on 18 December 2015 (Friday) to admit new Fellows. The AGM will be held at 5:30 p.m, at the Lim Por Yen Lecture Theatre of the HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. All Fellows are welcome to attend.

Council Dinner with Distinguished Young Fellows, 17 September 2015

The Academy organised a Council Dinner with distinguished young Fellows to recognise their achievements in their specialty. President gave a profound introduction to the Academy's work and ended his speech with the Academy's corporate video. Academy's Honorary Fellow, Prof. Rosie Young and Past President Prof. Raymond Liang also attended and addressed the young Fellows. Prof. Young highlighted the importance of continuing medical education in building a successful career. She also stressed that physicians need to adopt a more holistic and people-centred approach to health care. 3 young Fellows were selected by drawing lots by Academy's Vice President (Education and Examinations) Prof. C.S. Lau to share their works and feelings. The dinner was an enjoyable one with a lot of sharing among the Council Members, College representatives, and young Fellows.

System for Health Seminar, 23 September 2015

The Academy and the Jockey Club School of Public Health and Primary Care, CUHK proudly co-organised a seminar, titled "Multi-perspective Look at Private Health Insurance and Its Role in the Health System". President, Assistant Professor Division of Health System, Policy and Management, Prof. Su Liu; and Director of Group Healthcare, AIA Group, Dr. Christian Wards, shared their views on the role of private health insurance in Hong Kong and discussed the prospect of Voluntary Health Insurance Scheme (VHIS) from perspectives of healthcare, financing, insurance industry and service providers.

President focused his talk on the provider's perspective and spoke heavily on the responsibility of service providers and the role of primary care. Dr. Wards shared his view on the Voluntary Health Insurance Scheme (VHIS) saying that it should be mandatory. Prof. Liu also indicated that Hong Kong citizens' source of total health expenditure from insurance is increasing over the past decade.
A MOU signed with Hong Kong Police Force (HKPF), 25 September 2015

The Academy and HKPF signed a Memorandum of Understanding (MOU) on 25th September 2015. The collaboration signifies the joint force to promote training, research and learning technology development, which would offer mutual benefits. The signing ceremony was followed by an enjoyable lunch with fruitful conversations.

Media Briefing, 12 October 2015

The Academy organised a media briefing on 12 October 2015 on the disaster preparedness work being undertaken in Hong Kong, citing the MERS outbreak in South Korea as an example and to promote the Annual Conference on Disaster Preparedness and Response. Speakers at the media briefing included President, Assistant Director of the Hong Kong Jockey Club Disaster Preparedness and Response Institute, Ms. Eva Lam, representative of the Hong Kong College of Physicians, Dr. Owen Tsang and Vice-President of the Hong Kong College of Community Medicine, Dr Thomas Tsang. The event was well-attended by 32 reporters from 22 media organizations and subsequently received a wide range of media coverage.

Annual Conference on Disaster Preparedness and Response 2015: From Community to Emergency Room, 30 October - 1 November 2015

The Academy hosted the 1st Annual conference on Disaster Preparedness and Response 2015 co-organised by the HKJC DPRI and HKCEM. The conference titled, “From Community to Emergency Room” was well attended by numerous participants locally as well as overseas. The Opening Ceremony was held at the Run Run Shaw Hall and was officiated by the Secretary for Security of the HKSAR, the Honorable Lai Tung-kwok; Secretary for Food and Health of the HKSAR, Dr. the Honorable Ko Wing-man; Deputy Chairman of the Hong Kong Jockey Club, Mr Anthony WK Chow; and Dr. Donald Li, President of the Hong Kong Academy of Medicine. The officiating guests collectively called for better
preparedness measures during disasters, and specially used examples of the Hajj Incident in Mecca and Lan Kwai Fong incident in Hong Kong.

The conference lasted three days with a plenary lecture during the start of each day. Prof. Jennifer Leaning of the Harvard School of Public Health introduced disasters in general and specifically spoke about a Scoping Study in which Harvard and HKICDPRI had been working on. A policy brief was handed out to all participants at the conference. The Study recognised Hong Kong’s well developed disaster response machinery and called for an expanded emphasis on less familiar but high stakes disasters, broadening its current disaster training activities, highlighting the importance of addressing psychosocial needs during and after disasters, and strengthening community engagement in disaster preparedness and response. The conference was split into two specialised tracks: disaster management and emergency medicine.

The carefully designed scientific programme gave participants full exposure to a wide range of topics presented. Scientific sessions ranged from disaster training, mental health, simulation training, and emergency nursing to the impacts of climate change, community engagement on disaster preparedness, infectious disease crisis, and innovation and technology in disaster management. The speakers shared eloquently on different experiences on and off the field, as they come from different backgrounds and had valuable experience in different disaster situations.

On 30th October, there was a joint conference and HKCEM conferment banquet. Dr. Donald Li and Officers joined the dinner along with guests from the conference. Dr. Li took this opportunity to thank the members of the DPRI governing board for their invaluable input and support to the running of the Institute. Dr. Kevin Hung delivered a vote of thanks to the guests and participants in making the first day smooth and successful.

---

**Lecture and Dinner in honour of Dr. Atul Gawande, 12 November 2015**

The Academy proudly hosted a lecture delivered by Dr. Atul Gawande, MD, MPH, who is a renowned author, surgeon and public health researcher from the U.S.,
Dr. Atul Gawande began his lecture by sharing his personal experience and his growing curiosity for end-of-life care. He recognised that well-being for most people is larger than mere survival. Dr. Gawande also talked about a set of guidelines developed in collaboration with the World Health Organization in 2009, titled “Safe Surgery Safe Lives”. During the Q & A session chaired by Dr. H.T. Luk, the Immediate Past President of the College of Surgeons of Hong Kong, he highlighted what we could do better to help with the provision of quality end-of-life care.

A dinner was hosted in honour of Dr. Gawande that followed the lecture. Under Secretary for Food and Health, Prof. Sophia Chan commended Dr. Gawande’s passion for medicine and public health. She remarked that more resources would be needed for better health care delivery supported by detailed data analysis.

Prior to the lecture, the Academy’s Officers had a meeting with Dr. Gawande and Harvard delegates to discuss further collaboration on surgical safety. Representatives from the College of Surgeons of Hong Kong and Hospital Authority were also involved in the discussions.

### Doctors for Climate Action and the Global Consensus Statement on the health impacts of climate change

Hong Kong Academy of Medicine is a partner of Doctors for Climate Action, a global campaign highlighting the health impacts of climate change. The campaign calls on world leaders to commit to urgent and meaningful action to combat climate change at the upcoming UN Climate Change conference in Paris (COP21).

In signing on to the Global Consensus Statement, Act now to reduce the damaging health impacts of climate change, Hong Kong Academy of Medicine has joined more than 60 health and medical organisations from around the world in calling for action on the health impacts of climate change. The Doctors for Climate Action campaign invites all individuals to join this call and readers are urged to add your names to build momentum for real action. The process is simple:

- Go to www.doctorsforclimateaction.org (you do not have to be a doctor to sign)
- ‘Get the facts’ about the health impacts of climate change
- Enter your details at the bottom of the page and click ‘Tell the world’

In doing so, you will join hundreds of voices from all around the world calling for real action on climate change at COP21.
Once you've added your name, please share the campaign widely on social media amongst your personal and professional networks using the hashtag #DrsforClimateAction. You can also download posters for display in your home or workplace and follow the campaign on facebook.

The health impacts of climate change will affect us all. Hong Kong Academy of Medicine is proud to be involved with this important campaign and encourages you all to participate in the call to protect our health from the impacts of unchecked climate change.

A New MOU signed with the National Health and Family Planning Commission, 31 October 2015

The National Health and Family Planning Commission (NHFPC) and the Academy signed a new Memorandum of Understanding (MOU) to extend and continue the collaboration in training of general practitioners and medical specialists for the establishment of "Standardisation of General / Specialist Medical Training" in the mainland.

Ren Minghui, Director-General of the Office of Hong Kong, Macao and Taiwan Affairs of the NHFPC and Dr. Donald Li, the Academy's President signed the MOU. This important and significant moment was witnessed by special guests Minister Li Bin of the NHFPC, Secretary for Food and Health, Dr. the Hon Ko Wing Man; and Deputy Minister of the Liaison Office of the Central People's Government in the Hong Kong Special Administrative Region, Yin Xiaojing.

Also in attendance to witness the signing of the MOU were representatives from:

- Hong Kong Academy of Medicine;
- National Health and Family Planning Commission;
- Liaison Office of the Central People's Government in the Hong Kong Special Administrative Region;
- Food and Health Bureau;
- Department of Health;
- Hospital Authority;
- Faculty of Medicine of the Chinese University of Hong Kong; and
- The Li Ka Shing Faculty of Medicine of the University of Hong Kong.

Minister Li Bin met with Council Members of the Academy before the Signing Ceremony to review the work of the two parties in the past and highlighted the significance of the new MOU. She emphasized that within the framework of collaboration proposed, HKAM would continue to assist the Mainland in building a standardised training system for general practitioners / medical specialists.

Minister Li Bin also visited the Academy's Hong Kong Jockey Club Innovative Learning Centre for Medicine after the Signing Ceremony and she was very impressed by the innovative and interactive technologies used by the centre in training medical practitioners with patient safety as the main objective.
Residency Training Symposium, 2 November 2015

The Academy, University of Chicago Medicine, and University of Chicago Center in Hong Kong co-hosted a residency training symposium titled, "Innovations in Residency Training in the U.S. and Hong Kong". President Dr. Donald Li, and Dr. Renslow Sherer, Director of Global Health Education University of Chicago gave welcome remarks to all participants. The participants were split into three groups with three specialty Colleges as facilitators: Family Physicians, Surgeons, and Physicians.

The breakout sessions yielded numerous discussions on the commonalities and differences between residency programs and the path to becoming a registered specialist. The sessions ended with all participants gathering together to provide a summary on what they have learned. Vice-President Prof. C.S Lau led all the speakers and participants for a dinner celebration. It was an enjoyable occasion with fruitful discussions.
New Academy souvenirs have arrived!

The Academy has launched a new range of souvenirs. You may order these custom made souvenirs and/or our existing stock of unique corporate gifts by completing the order form.

Early Closure of the Secretariat, Dining Room and Lounge

The Academy wishes all Fellows a Merry Christmas and Happy New Year.

Introduction of International Health Insurance Special Offer

HKAM’s Council has approved the offering of a proprietary and premium wise very advantageous medical plan, the composition of which will only be available to all HKAM Fellows and their dependents.

The medical plan offers lifetime guaranteed renewal of cover, which can never be reassessed due to your future medical conditions or claims history.

The plan coverage is worldwide. Even if a medical condition is first diagnosed in Hong Kong, you would have a free choice of being treated in any hospital by any specialist in any country in the world including USA. If you would prefer to exclude the option to travel to USA for treatment, but keep the right to travel to all other countries for treatment, your annual premium would be reduced considerably.

The plan offers 24-hour emergency assistance and direct settlement of in-
patient claims worldwide.

To find the detailed information including enrolment material on this special plan, please go to www.martinmereholdings.com/martinmere-insurance.html and click on HKAM. Enrolment can only be submitted directly to the insurer, so brokers or agents cannot act as intermediaries. To access this dedicated site exclusively available to HKAM Fellows, please enter using the password 8HkAM8.

If you have any problems accessing the site or have enquiries, please email to hkam@martinmereinsurance.com.

**Events Attended by the President**

**HKU Year 1 Professionalism in Practice programme briefing session, 7 September 2015**

President was invited by the Department of Family Medicine and Primary Care, the University of Hong Kong to share with Year 1 medical students on the topic of "Professionalism in Clinical Practice: Family Doctors in Private Practice". The main purpose of this briefing session was to nurture the development of the attributes of professionalism.

**Cocktail Reception for World Class Dentistry Ranking No. 2, HKU Faculty of Dentistry, 7 September 2015**

President attended the cocktail reception of the Faculty of Dentistry, the University of Hong Kong, on 7 September 2015 with other prominent medical leaders.

**香港醫生國情班同學會66周年晚宴, 8 September 2015**

President attended the function on 8 September 2015 as an Officiating Guest to show his support to the younger generation in the medical industry.

**Inauguration dinner of Hong Kong Society for Healthcare Mediation, 18 September 2015**

President attended the reception of the Hong Kong Society for Healthcare Mediation on 18 September and he was happy to meet other medical leaders at the occasion.
30th Anniversary Dinner of Hong Kong Society for Emergency Medicine and Surgery (HKSEMS), 25 September 2015

President joined Under Secretary for Food and Secretary Prof. Sophia Chan and other medical leaders in celebrating the 30th Anniversary of HKSEMS. Dr. Li applauded the key role of emergency medical care physicians in safeguarding people’s lives and promoting quality acute care.

Policy Roundtable on Quality in Health Services, 28 September 2015

President participated in the policy roundtable, which was organised by World Health Organization (WHO), on the topic of “Clinical guidelines, professional standards, quality committees - what works?”. Dr. Li shared with global health leaders on some clinical guidelines produced by a working group of Food and Health Bureau on primary care on hypertensions, diabetes, elderly care and pediatric care, as well as his insights on how active the local medical professionals refer or use the relevant guidelines.

BMJ Conference Welcome Reception, 28 September 2015

Invited by UK Trade & Investment Health, President joined a reception at the British Consul-General’s residence to meet some key UK speakers who attended the BMJ’s first International Forum on Quality and Safety in Healthcare: Asia. A dinner that followed the reception was attended by the Medical Director of the National Health Service in England, Sir Bruce Edward Keogh and the Clinical Vice President of Royal College of Physicians, Dr. Anita Donley. President shared his insights on some challenges being encountered by the medical professionals and the current situations in Mainland China.

International Forum on Quality and Safety in Healthcare: Asia, 30 September 2015

President attended the Opening Ceremony officiated by the Chief Executive of the HKSAR Government of the BMJ’s first International Forum for Asia organised in Hong Kong. He delivered a presentation, titled “Improving Quality Primary Care in Hong Kong and Beyond”, covering primary care assessment tools, united voice for global primary care reform, several approaches for achieving quality primary care, etc.
Festschrift for Professor John Wong: The Champion of Excellence, 9 October 2015

Invited by the Department of Surgery of Li Ka Shing Faculty of Medicine, President attended the Festschrift: The Champion of Excellence in recognition of invaluable contributions of Professor John Wong who led the Department for 26 years. To mark the occasion and honour Professor Wong, the first John Wong Young Surgeon Award has been established to commend young surgeons of the Department with best performance throughout the year. The first award was presented by Professor John Wong during the dinner.

7th Annual International Medical Education Leaders Forum, 21-23 October 2015

President attended the Forum organised by the Royal College of Physicians and Surgeons of Canada (RCPSC) in Vancouver. He participated in a whole day meeting which featured a plenary lecture delivered by the President of China Medical Board, Dr. Lincoln Chen on the 2010 Lancet Commission Report, as well as some roundtable discussions about competency based medical education, shaping health education to fit global health issues, etc. President also joined the Convocation of RCPSC and a Past President's dinner hosted by President of RCPSC, Dr. Kevin Imrie.

Celebration Dinner of 65th Anniversary of the Hong Kong Dental Association (HKDA), 27 October 2015

President attended the celebration dinner officiated by the Chief Executive and the Chief Secretary for Administration of the HKSAR Government. He was also invited to record a special video message congratulating the HKDA on its 65th Anniversary.
Conferment Ceremonies of Colleges

College of Surgeons of Hong Kong, 12 September 2015

Arthur Li Oration, titled "Surgical Patient Care: Keeping it in the Family" delivered by President

Hong Kong College of Physicians, 17 October 2015

Hong Kong College of Emergency Medicine, 30 October 2015

College of Dental Surgeons of Hong Kong, 1 November 2015

Fellowship

iCMECPD App Now Available at App Store and Google Play

To further enhance the online services for CMECPD, the Academy has developed a mobile application for capturing attendance - iCMECPD App. It is now available at Apple's App Store and Google's Play. Fellows may download the App by scanning the respective QR code below (or search "icmecpd" from App Store/Google Play) and install it in their smartphone with operating system in iOS (7.1 or above) or Android (3.0 or above).
We have started selecting some CMECPD activities held by the Academy/Colleges at the HKAM Jockey Club Building for trial runs. Fellows can either use the App to scan the QR code of the event or use their new Fellowship Card (with QR code) to capture attendance via the iPad/tablet device provided by organiser.

Online CME/CPD

Quizzes from the following Colleges are currently available at iCMECPD website for Fellows to study online for CME/CPD:

Publications

Hong Kong Medical Journal

Hong Kong Medical Journal launches a re-styled website (www.hkmj.org) which offers visitors a more user-friendly experience! The new layout is optimised for any screen size such as desktop, tablet or smartphone.

The HKMJ has recently received its first official impact factor in the 2014 edition of the Journal Citation Reports in the ISI Web of Knowledge published by Thomson Reuters. The 2014 impact factor for the HKMJ is 0.872.

Highlights of the October 2015 issue include:

Original Article
Paracetamol overdose in Hong Kong: is the 150-treatment line good enough to cover patients with paracetamol-induced liver injury?
Lowering the treatment threshold of paracetamol overdose may reduce the
treatment-line failure rate, but approximately 37 more patients per year would need to be treated, and it would incur an additional annual cost.

Case Report

A lucky and reversible cause of 'ischaemic bowel'
An 81-year-old man was admitted with an infective exacerbation of chronic obstructive pulmonary disease. He also had clinical and radiological features suggestive of ileus. The patient had a favourable outcome.

Pictorial Medicine

Endophthalmitis caused by Bacillus cereus: a devastating ophthalmological emergency
A 79-year-old man with lymphoma was admitted for chemotherapy in November 2014. During his admission, he complained of acute onset of left eye pain with loss of vision. He was diagnosed with endophthalmitis and antibiotic treatment was underway. He began to have pustular discharge from a ruptured corneal ulcer and subsequent evisceration of the eye was required.

**Announcement from DH and MCHK and DCHK**

Announcements from the Drug Office, Drug Registration and Import / Export Control Division

Please note the following announcements from the Drug Office of Department of Health:

- Multiple sclerosis drug Gilenya (fingolimod): risk of skin cancer and a rare brain infection
- Azithromycin: Risk of drug reaction with eosinophilia and systemic symptoms (DRESS)
- Adverse Drug Reaction Report of Suspected Colchicine Toxicity Associated with Drug Interaction between Colchicine and Clarithromycin
- Mirabegron (Betmiga): risk of severe hypertension and associated cerebrovascular and cardiac events
- Hepatitis C treatment Viekira Pak and Technivie: Risk of serious liver injury
- Sodium polystyrene sulfonate: FDA requires drug interaction studies
- Mycophenolate: EMA recommends additional measures to prevent use in pregnancy
- Entacapone: FDA review found no increased cardiovascular risks
- Antipsychotic drug Aripiprazole: risk of certain impulse-control behaviours
- EMA review concludes evidence does not support that HPV vaccines cause CRPS or POTS
- Plavix (clopidogrel): Long-term treatment does not change risk of death
- Vemurafenib (Zelboraf): risk of potentiation of radiation toxicity
- Crizotinib (Xalkori): risk of cardiac failure
- Iodine-containing contrast agents: rare cases of underactive thyroid in infants
Timely Application for Renewal of Practising Certificate

The Medical Council of Hong Kong has requested the Academy to help remind all Fellows that the annual practising certificates of doctors for the year 2015 will expire on 31 December 2015. Please make timely application for renewal of your annual practising certificates for the year 2016 if you will be practising beyond the expiry date. Please refer to the letter from the Medical Council for further details.

DH to conduct the 2015 Health Manpower Survey

Department of Health will embark on a new round of Health Manpower Survey on registered doctors in September 2015. The result will be used in health manpower planning and training. All registered doctors will reserve a self-administered questionnaire together with a letter for renewal of practising certificate in September 2015. Please return the completed questionnaire by 31 December 2015.
