

Supplementary Note for the Guidelines on Procedural Sedation (Version 2.1)

With regard to the relevant “*training recognized by the HKAM or its Colleges*” as stipulated in the Guidelines (Section 5.2, 5.3, 12 and Appendix 2), the following understandings were clarified and reiterated by the Academy’s Education Committee, and subsequently endorsed by its Council:

- (a) It was affirmed that existing Academy Fellows are not required to undergo additional training, since they were deemed to have received appropriate training at the time of their specialist accreditation.
- (b) The requirement for relevant training recognised by the Academy or its Colleges in procedural sedation as stipulated in the latest version of the said Guidelines apply to all current and prospective trainees.
- (c) Existing Fellows are nevertheless encouraged to take refresher courses or relevant CME activities in this area as required to ensure continued and updated competency.

Approved by HKAM Education Committee on 10.11.2020

Endorsed by HKAM Council on 19.11.2020
